NORMANDEAU ASSOCIATES, INC.

Environmental Consultants

25 NASHUA ROAD, BEDFORD, N.H. 03102

An Equal Opportunity Employer

Florida Institute of Technology Master of Science Programs in Environmental Engineering Environmental Science

Applications are invited for Graduate Student Assistantships, which carry stipends in addition to tax-free tuition remission. A Bachelors of Science degree in an appropriate area of science or engineering is required. Research opportunities exist in all major areas of Environmental Science and Engineering. For information and applications write: Dr. N. Thomas Stephens, Department of Environmental Science and Engineering, Florida Institute of Technology, Melbourne, Florida 32901.

ENVIRONMENTAL SCIENTIST

State Attorney General seeks professional scientists for NYC and Albany to join six person technical team to plan, undertake and supervise field sampling; to evaluate geotechnical data sets at hazardous waste sites; to interpret data sets in numerous other environmental areas; and to provide professional guidance to legal staff on environmental matters. Candidate must demonstrate that he or she possesses adequate education and/or experience in field and office activities to carry out such tasks. Public service interest, chemistry and engineering skills, hazwaste experience, and advanced degree preferred. Salary \$29K, mail documents NYS Dept. of Law, Justice Building, Room 221, The Capitol, Albany, NY 12224.

Faculty Position—WATER RESOURCES ENGINEER and/or Chemist

The Johns Hopkins University, School of Hygiene and Public Health, has a position open at the assistant professor level in the Division of Environmental Health Engineering, Department of Environmental Health Sciences. The position involves teaching and research in the water and waste-water program. Applicants should hold an earned doctorate in chemistry or environmental engineering with a strong background in chemistry and a demonstrated ability to conduct laboratory and field investigations. The Johns Hopkins University is an Equal Opportunity Employer and welcomes applications from women and minorities. Send curriculum vitae and references to: Dr. Morton Corn, School of Hygiene and Public Health, 615 North Wolfe Street, Room 6010, Baltimore, Maryland 21205.

ENVIRONMENTAL ENGINEERING FACULTY POSITION CLARKSON COLLEGE OF TECHNOLOGY

The Department of Civil and Environmental Engineering, Clarkson College of Technology is accepting applications for a tenure-track position in Environmental Engineering. Ph.D. required. Responsibilities include undergraduate and graduate teaching and contribution to an active graduate research program. Research interests should be in biological or chemical processes in water and wastewater treatment systems and in natural waters. Appointment rank will be commensurate with experience and qualifications. Send resume to Dr. Robert L. Ackerman, Dept. of Civil and Environ. Engr., Clarkson College of Technology, Potsdam, NY 13676. Equal Opportunity Employer.

CHEMISTRY LABORATORY TECHNICIAN is needed to conduct chemical and physical lab tests making qualitative and quantitative analysis of materials, solids, liquids, and gases, for compliance with environmental regulations. Utilize state of the art methods such as gas chromatography, liquid chromatography, thin layer chromatography, ion chromatography and spectroscopy for analysis of nutrients in soils, water, food, cosmetics and other industrial products. Perform microbiological analysis of products such as food, drugs, prints, cosmetics and water to determine suitability for intended use or extent of contamination. Enter results of tests into computer based record. Require B.S. degree Chemistry of Food Science plus 1 year experience. Salary \$14,700 per year for 40 hour week. Qualified applicants contact Georgia State Employment Service, 3597 Covington Hwy., Decatur, GA. Control #0156210.

Environmental Engineers—An environmental consulting firm specializing in mathematical models of groundwater and surface water quality is seeking applicants for two engineering positions: 1) Senior Scientist/Engineer requiring PhD plus 3 years experience or commensurate qualifications; 2) Project Engineer requiring a masters degree or commensurate qualifications. Emphasis is on experience and training related to the use of models in the areas of waste load allocations, toxic fate and distribution, groundwater, nonpoint sources and other computer applications. Applicants are invited to send resumes to: John Marr, Limno-Tech, Inc., 15 Research Dr., Ann Arbor, MI 48103.

CLASSIFIED ADVERTISING RATES

Rate based on number of insertions used within 12 months from date of first insertion and not on the number of inches used. Space in classified advertising cannot be combined for frequency with ROP advertising. Classified advertising accepted in inch multiples only.

Unit	1-T	3-T	6-T	12-T	24-T
1 inch	\$100	\$95	\$90	\$85	\$80

(Check Classified Advertising Department for rates if advertisement is larger than 10".)
