

**Flavor and Purity...**

## ASSURED BY 15 SITE-ERECTED STAINLESS TANKS

Half a million gallons of Mogen David Wine Corporation's popular Key wines are blended and stored in 15 stainless tanks site-erected by Graver at Chicago's newest winery. Graver crews erected four tanks, 18'6" diameter x 28'6" high, and eleven tanks, 14' diameter x 18'3" high, all of Type 304 stainless steel. By the selection of stainless steel, the distinctive flavor of 3 entirely different Key Wine brands is maintained consistently during storage and blending. If flavor and purity are factors in your product, be sure to consult with Graver engineers.
