

Cholinesterases

Structure, Function, Mechanism, Genetics, and Cell Biology

Presenting the proceedings of the Third International Meeting on Cholinesterases, this inaugural volume in the Conference Proceedings Series offers a wealth of new information on current and future cholinesterase research, including important advances resulting from new concepts and methodologies such as monoclonal antibodies and molecular genetics.

The volume's 49 full papers and 140 poster papers are divided into six sections covering:

- Polymorphism and Structure of Cholinesterases
- Cellular Biology of Cholinesterases
- Gene Structure and Expression of Cholinesterases
- Catalytic Mechanism of Cholinesterases: Structure-Function Relationships of Anticholinesterase Agents, Nerve Agents, and Pesticides
- Pharmacological Utilization of Anticholinesterase Agents, Neuropathology of Cholinergic Systems
- Noncholinergic Roles of Cholinesterases

This volume will be of great interest to a broad spectrum of readers, including those interested in the evolution of cholinesterase catalysis, researchers developing agricultural chemicals, scientists seeking up-to-date information on the treatment of glaucoma and such neurological diseases as Alzheimer's disease and myasthenia gravis, those interested in the design of drugs to bind the enzyme itself or to cholinergic receptors, as well as those who follow the progress toward complete structure elucidation of cholinesterases.

Reprographic copying beyond that permitted by Section 107 or 108 of the U.S. Copyright Law is allowed, provided that the appropriate per-copy fee is paid through the Copyright Clearance Center, Inc., 27 Congress St., Salem, MA 01970. For reprint permission, please write to the Copyright Administrator, Publications Division, at the ACS Washington address. Bulk reprints: For quotes and information on placing an order, please call (202) 872-4539 or write to the Distribution Office at the ACS Washington address.

The paper used in this publication meets the minimum requirements of American National Standard for Information Sciences—Permanence of Paper for Printed Library Materials, ANSI Z39.48-1984.

Editorial Information

Instructions to authors and copyright status form are printed in the first issue of each volume. Please conform to these instructions when submitting manuscripts.

Manuscripts for publication should be submitted to the Editor, Gordon G. Hammes, Duke University Medical Center, P.O. Box 3673, 081 Yellow Zone, Duke South, Durham, NC 27710. Correspondence regarding accepted papers and proofs should be directed to the Journals Department at the address above. Page charges of \$30.00 per page may be paid for papers published in this journal. Payment does not affect acceptance or scheduling of papers.

The American Chemical Society and its Editors assume no responsibility for the statements and opinions advanced by contributors.

Registered names and trademarks, etc., used in this publication, even without specific indication thereof, are not to be considered unprotected by law.

Subscription and Business Information

Subscriptions are available only on a calendar year basis. (For membership information, contact Office of Member Services at the ACS Washington address.)

New and renewal subscriptions should be sent with payment to American Chemical Society, Department L-0011, Columbus, OH 43268-0011. Rates do not apply to non-member subscribers in Japan, who must enter subscription orders with Maruzen Company Ltd., 3-10 Nihonbashi 2-chome, Chuo-ku, Tokyo 103, Japan. Tel: (03) 272-7211.

1993 subscription prices including postage.

* Air service included.

Printed edition single issue prices: current year, \$24.00; 1992, \$25.00; 1990-91, \$23.00; prior year, \$44.00. Foreign postage additional. Mail orders and requests for back volume prices should be sent to Microforms & Back Issues Office at the ACS Washington address.

Phone orders can be placed for printed, microfiche, and microfilm editions by calling the ACS TOLL FREE at (800) 333-9511 from anywhere in the United States and Canada. Phone orders can be charged to Visa, MasterCard, or American Express accounts.

Changes of address must include both old and new addresses with ZIP code and a recent mailing label. Send all address changes to Member & Subscriber Services. Please allow 6 weeks for change to become effective. Claims for missing numbers will not be allowed if loss was due to failure of notice of change of address to be received in the time specified; if claim is dated (a) North America, more than 90 days beyond issue date; (b) all other foreign, more than 180 days beyond issue date. Claims are handled by Member & Subscriber Services.

Supplementary material is noted in the table of contents with a ■. It is available as photocopy (\$10.00 for up to 3 pages and \$1.50 per page for additional pages, plus \$2.00 for foreign postage) or as 24× microfiche (\$10.00, plus \$1.00 for foreign postage). Canadian residents should add 7% GST. See supplementary material notice at end of journal article for number of pages. Orders must state whether for photocopy or for microfiche and give complete title of article, names of authors, journal, issue date, and page numbers. Prepayment is required and prices are subject to change. Order from Microforms & Back Issues Office at the ACS Washington address. Supplementary material except structure factors also appears in the microfilm edition.
